- **Committee Reports**

- How do we know who's in charge of each committee and when it is being worked on?
 - Each committee decides who will be the Committee Chairman, how often to meet and how to take care of upcoming events. Christine advised we need to have an Executive Committee meeting with one member from each committee to provide direction on this
- What if a committee comes up with new ideas?
 - The ideas need to be brought to Executive Committee, and perhaps at one of the general booster meetings; if it's a supplement to what is already being done – that's fine
- Christine will email committees about what is coming up that needs to be worked on
